

In today's competitive world, the spotlight is on productivity. GlobalCAD Organizer gives you the tools to create and manage design content for maximum results!

▲ GlobalCAD Organizer's intuitive interface lets you browse libraries with ease.

Instantly create your own unique objects ► or build libraries from files on disk!

OVERVIEW

GlobalCAD Organizer gives you the tools to create and manage drawing objects like never before! Its unique object-authoring suite includes Block Manager, Hatch Manager, Linetype Wizard and Attribute Wizard. Now you can instantly publish intelligent block libraries, stunning hatch patterns and complex linetypes from existing drawing content.

With GlobalCAD Organizer, objects are organised within distinct libraries with advanced viewing capabilities. They can be identified fast and are accessible right when you need them. Management tools ensure the library database is always up to date, with the ability to view and print library content and other details. Objects including blocks and hatch patterns can be contained on local drives or on a network.

KEY FEATURES
