GlobalCAD Product Comparison

Published: August 02, 2017

All products listed are compatible with:
AutoCAD 2007-2018
BricsCAD Pro & Platinum V11-V17

	GlobalCAD Architecture	GlobalCAD Landscape	GlobalCAD Terrain	GlobalCAD Organizer	GlobalCAD Hatch Manager	GlobalCAD Schedule	GlobalCAD Symbols Pack 1	GlobalCAD Symbols Pack 2	GlobalCAD Symbols Pack 3	GlobalCAD Symbols Pack 4	GlobalCAD Exchange
Creative and Time Saving Productivity Tools											
Intuitive block management with Block Manager™ for the efficient storage and sharing of block libraries and design details	●	●		●		●	●	●	●	●	●
Create stunning custom hatch patterns from existing drawing objects with Hatch Manager™	●	●		●	●						
Build outstanding complex linetype libraries quickly and easily with the intuitive Linetype Wizard™	●	●		●							
Password-protect libraries safeguarding sensitive data	●	●		●	●	●	●	●	●	●	●
Tools for Scheduling of Drawing Data											
Quickly attach groups of attribute data to drawing blocks at the click of a button with Attribute Wizard™	●	●		●		●					
Query drawings for quantities and export data to a variety of popular file formats including Microsoft Excel and Access	●	●				●					
Formatting options enable you to pre-set the style for each spreadsheet and export only the data that's critical to your needs	●	●				●					
Dynamically link drawings with Excel so spreadsheet changes are automatically reflected in your drawings	●	●				●					
Land Survey and Surface Modeling Tools											
Generate surveys with 'intelligent' survey markers that, when moved, automatically update to reflect their new position	●	●	●								
Easily create accurate and stunning 3D surface terrain models from your existing 2D survey data	●	●	●								
Content Libraries											
Comprehensive 2D symbol libraries in plan and elevation for interior and exterior architecture	●						●				
3D models 'render-ready' with applied materials for interior and exterior architecture	●							●			
Comprehensive 2D symbol libraries in plan and elevation for landscape design and land planning		●							●		
3D models 'render-ready' with applied materials for landscape design and land planning		●								●	
Instant ribbon/toolbar access to design libraries for maximum drafting productivity	●	●									
Stunning hatch pattern libraries for architecture, landscape design, land planning, GIS and civil	●	●		●	●						
Complex linetype libraries depicting site services, boundaries, external features and vegetation	●	●		●							
Interactive plant encyclopedia with thousands of plant details, digital pictures and cultivation data		●									
CAD Standards											
Tools to manage and deploy CAD standards across your organization including layering systems and company documents											●
Design Team Collaboration											
Share the features and benefits of the product, including design libraries and user content, between network users	●	●	●	●	●	●	●	●	●	●	●
