

Explore all of your creative ideas with this expert range of 3D model libraries for architecture and land planning.

## Supports

**AutoCAD 2007-2018**

**BricsCAD Pro/Platinum V11-V17**

GlobalCAD Symbols Pack 2 serves the essential needs of architects, land planners and irrigation professionals. Present your clients with attractive, optimal designs as your ideas effortlessly flow from concept to completion. Published in association with industry experts, the model libraries are all fully indexed into familiar categories, helping save valuable drafting time.

GlobalCAD Symbols Pack 2 provides an easy to use library interface and includes ribbon/toolbar options for fast, convenient access to hundreds of models. This content is 'render-ready' with applied materials for photorealistic results directly within your CAD platform or for seamless export to visualisation packages such as Autodesk 3DS Max.
